NATIONAL COMMISSION FOR INDIAN SYSTEM OF MEDICINE

Introduction:

The National Commission for Indian System of Medicine is the statutory body constituted under NCISM Act, 2020 vide gazette notification extraordinary part (ii) section 3(ii) dated 21.09.2020 came into force vide Government of India notification no. S.O. 2280 (E) dated 11th June, 2021 issued by the Ministry of Ayush and also through a separate notification of same date, four Autonomous Boards, namely, Board of Ayurveda, Board of Unani, Siddha & Sowa-Rigpa, Medical Assessment and Rating Board and the Board for Ethics and Registration, all under the National Commission for Indian System of Medicine Act, 2020 and effective from 11th June, 2021. The Act also contains provision for constitution of an Advisory Council for NCISM.

The chairperson took over the charge on 11th June 2021 and the Presidents of the respective Boards took over the charge of their posts with effect from 14th June 2021. Thus, the Commission and the Boards have become functional with effect from 14th June 2021.

As per provision contained in sub-section (5) of Section 8, the Commission may appoint such officers and other employees, as it considers necessary, against the posts created by the Central Government for the efficient discharge of its functions under this Act.

Objective:

The objective of establishing of National Commission for Indian System of Medicine is to provide a medical education system that improves access to quality and affordable medical education, ensures availability of adequate and high quality medical professionals of Indian System of Medicine in all parts of the country; that promotes equitable and universal healthcare that encourages community health perspective and makes services of such medical professionals accessible and affordable to all the citizens; that promotes national health goals; that encourages such medical professionals to adopt latest medical research in their work and to contribute to research; that has an objective periodic and transparent assessment of medical institutions and facilitates maintenance of a medical register of Indian System of Medicine for India and enforces high ethical standards in all aspects of medical services; that is flexible to adapt to the changing needs and has an effective grievance redressal mechanism and for matters connected therewith or incidental thereto.

History and Background events: Prior to dawn of the National Commission for Indian System of Medicine, the Central Council of Indian Medicine was mandated to guide, develop and sustain through resource allocation, good governance and management, dedicated to the maintenance of standards and quality of academic study programmes and practice of Indian System of Medicine to national as well as global needs. During 50 years of its existence CCIM had achieved lots of targets in upliftment of the Indian Medicine System. Still there were some limitations and it was not flexible to change with the change of time. Moreover, there were some issues regarding its governance and organizational structure. The CCIM functioned under the overall control and supervision of the

President. The President and Members of CCIM were elected persons who were elected by the registered practitioners and representative of Teachers elected through Universities throughout the Country. Due to non-existence of hierarchy among various members of the CCIM Management, there was lack of responsibility and co-ordination in the system.

With the passing of about a half of the century of existence of CCIM, a need for reforms and review in the functioning of CCIM was felt at the highest level of the Government. The Government of India, vide OM No. 4(3)/2016-H&FW dated 04.08.2016 (Annexure I) and in terms of the PMO I.D. No. 520/31/C/46/2015-ES2 dated 01.08.2016, constituted a committee on the Indian Medicine Central Council (IMCC) Act, 1970 and Homoeopathy Central Council (HCC) Act, 1973 under the chairmanship of the Vice Chairman, NITI Aayog. The Committee was charged with examining all aspects of the Indian Medicine Central Council (IMCC) Act, 1970 and Homoeopathy Central Council (HCC) Act, 1973 and suggesting reforms leading to improved outcomes in education pertaining to the Indian Systems of Medicine and Homoeopathy in India. The Committee had opined that the Central Councils have implemented various educational regulations to ensure minimum standards of education. Despite this, there has been a mushrooming of sub-standard colleges causing erosion to the standards of education and harm to medical training and practice. Liberal permission by the State Government, loopholes in the existing Acts and weakness in the enforcement of standards of education have contributed to this state of affairs.

The Committee had observed that regulatory bodies have failed to:

- a) Bring in competent and qualified persons based on merit for regulating AYUSH medical education; the nominated members of CCIM (30%) have not succeeded in making an effective impact over the elected members.
- b) Create standard curricula that can produce quality doctors in Indian Systems of Medicine.
- c) Maintain uniform standards of medical education at the under-graduate and post-graduate levels.
- d) Ensure ethics in the practice of Indian Systems of Medicine.
- e) Ensure quality enforcement mechanisms
- f) Create a transparent system of inspection and grant of recognition or derecognition of institutions pertaining to Indian Systems of Medicine.
- g) Produce skilled and professionally competent medical graduates and postgraduates.
- h) Place emphasis on substantial evaluation of quality of teaching, training and imparting of skills, in addition to assessment of infrastructure and availability of human resources in the institutions during inspections.

After due deliberation and extensive consultation with stakeholders, experts and examination of various reports and submissions, the Committee had recommended a complete overhaul of the regulatory framework and governance of medical education for Indian Systems of Medicine in India. The National Commission for Indian Systems of Medicine (NCISM) replaced the Central Council of Indian Medicine with the new body having a markedly different structure and governance system. The IMCC Act, 1970 has been repealed and replaced by the new Acts providing for the National Commission for Indian Systems of Medicine.

The gist of recommendations of the Committee were following: -

- ❑ that the National Commission For Indian Systems of Medicine (NCISM) will be the policy-making body for medical education in the area of Indian Systems of Medicine.
- ❑ the electoral system must be discarded in favour of one based on search and selection. Regulators of highest standards of professional integrity and excellence must be appointed through an independent and a transparent selection process by a broad-based Search Committee.
- ❑ The search and selection process should ensure that it attracts the best talents to the Commissions and Boards while ensuring that there is no conflict of interest which compromises the integrity and independence of the regulator. Membership in the Councils must also be drawn from the pool of best available talent while giving due representation to different constituencies.
- ❑ An Advisory Council for Indian Systems of Medicine having representation from States and Union Territories (UTs) to articulate the national agenda for education in the areas of Indian Systems of Medicine. This would ensure representation of the States and UTs, which are co-equal stakeholders in providing quality education for Indian Systems of Medicine while at the same time also restricting the size of the NCISM to a manageable number. Creation of Advisory Councils, thus, provides a good compromise between losing representation by the states and UTs and straddling the NCISM with some of the current problems of the CCIM.
- ❑ Like the proposed National Medical Commission, the committee concluded that the concentration and centralization of all functions in one Body such as CCIM makes it unwieldy as well as slow. However, creation of entirely independent bodies with sharp demarcation of functions when the functions are interlinked would create serious coordination problems. Therefore, for Indian Systems of Medicine, the Committee had recommended the creation of five* mutually independent and autonomous Boards whose activities must nevertheless be coordinated through the NCISM.
- ❑ To fulfil mission proficiently, the NCISM is to be supported by a professionally equipped permanent Secretariat. It is, therefore, proposed that the draft legislation should provide for a Secretariat to be manned by such professional staff as may be deemed necessary to assist the NCISM and the Boards in discharging their duties. In order to create a vibrant work environment, untainted by the influence of the predecessor organization, the Committee recommends that the Secretariat should be a fresh body, with no staff borrowed from the current CCIM. A Secretary who will also be an ex-officio Member of the NCISM will head the Secretariat. Further, staff that would be answerable directly to the Board concerned would assist each Board.
- ❑ The all-India National Eligibility cum Entrance Test (NEET) as prescribed under the Indian Medical Council (IMC) Act, 1956 or any successor, may also be used for admission to under-graduate medical education under the purview of NCISM. Similarly, the Commissions/Boards shall be charged with the responsibility of conducting a Common Licentiate Examination after the completion of undergraduate medical education. Passing the Common Licentiate Exam will be mandatory for license to practice and for registration in the Registers for Indian Systems of Medicine. This examination shall also serve as the NEET for admission to PG courses in the Indian Systems of Medicine and Homoeopathy

colleges/institutions under the purview of NCISM. This would ensure common standards of knowledge and skills for practitioners of Indian Systems of Medicine at a national level and would also constitute an objective benchmark to judge outcomes of the education process in any given institution pertaining to these systems of medicine.

*The Committee had recommended for five Boards though the Government constituted four Boards instead.

Gist of structural differences between NCISM and erstwhile CCIM:

S. No.	Particulars	CCIM	NCISM
1.	Organisation	CCIM was controlled by an Executive Body headed by a President (Pay Level 14). There was representation of few states in the Council. There were no other separate expert bodies.	The NCISM is a Commission consisting Chairperson, 15 <i>ex-officio</i> Members and 23 part time members. The Chairperson is equivalent to the Secretary of the Government of India in the Pay Level 17 of Pay Matrix. There are four different autonomous boards under the NCISM looking after different areas as per task assigned by the NCISM Act. There is hierarchy in the ranks. The new structure facilitates all states of the nation to become part of the NCISM.
2.	Objectives	To establish, guide, develop and sustain through resource allocation, good governance and management, dedicated to the maintenance of standards and quality of academic study programmes and practice of Indian System of Medicine to national as well as global needs.	to provide for a medical education system that improves access to quality and affordable medical education, ensures availability of adequate and high quality medical professionals of Indian System of Medicine in all parts of the country; that promotes equitable and universal healthcare that encourages community health perspective and makes services of such medical professionals accessible and affordable to all the citizens; that promotes national health goals; that encourages such medical professionals to adopt latest medical research in their work and to contribute to research; that has an objective periodic and transparent assessment of medical institutions and facilitates maintenance of a medical register of Indian System of Medicine for India and enforces high ethical standards in all aspects of medical services; that is flexible to adapt to the changing needs and has an effective grievance redressal mechanism and for matters connected therewith or incidental thereto.
3.	Method of appointment of Members, President and Chairperson	The President of the Council was get elected by the elected Members and Members were elected by the registered medical practitioner of Indian System of Medicine.	The Central Government appoints the Chairperson, Presidents and Members of the Autonomous Boards on the recommendation of a Search Committee.
4.	Transparency in Assessment and Rating	There was no transparency of the system.	<ul style="list-style-type: none"> For transparency online visitation process is introduced Preparation for continuous evaluation and 360° assessment of institutions is in progress To provide healthy competition between institutions, institutional rating system is being developed. Along with infrastructure and head count, functionality is being considered for assessment.
5.	Advisory Council	There was no such Council.	An Advisory Council for Indian Systems of Medicine having representation from States and Union Territories (UTs) to articulate the national agenda for education in the areas of Indian Systems of Medicine. This would ensure representation of the States and UTs, which are co-equal stakeholders in providing quality education for Indian Systems of Medicine while at the same time also restricting the size of the NCISM to a manageable number. In the absence of the Advisory Councils, it would either lose representation of states and UTs, which is highly undesirable, or will need to give them membership in the NCISM, which would make the Commissions unwieldy. Creation of Advisory Councils, thus, provides a good compromise between losing representation by the states and UTs and straddling the NCISM with some of the current problems of the CCIM.

6.	Penalty provisions for non-compliance of standards	No Provision.	Provisions for imposition of monetary penalty, reducing intake or stoppage of admissions and recommending to the Commission withdrawal of recognition, against a medical institution for its failure to maintain the minimum essential standards. (Section 28)
7.	Test for Admission to Undergraduate Courses (NEET)	No provision.	A uniform NEET for admission to UG courses. (Section 14)
8.	National Exit Test/ Test for licensing	No test is required before registration. The Degree of the University entitles for registration and practice.	Common final year undergraduate medical examination shall be held by the Commission for granting license to practice as medical practitioners and for enrolment in the State Register of ISM. (Section 15)
9.	Admission in PG (PG-NET/ AIAPGET)	No Provision.	A uniform NET for admission to PG courses. (Section 16)
10.	National Teachers' eligibility Test	No Provision.	National Teachers' Eligibility Test shall be conducted for the post graduates of ISM who desire to take up teaching profession in that discipline. (Section 17)

Achievements and Plans of NCISM:

CONNECT WITH THE PRACTITIONERS:

- ❖ Because of the dedicated Autonomous Board and President for Ethics and Registration, the Commission successfully gave National Registration Number to 3,17,000 practitioners all over the country.
- ❖ Established direct connection with 1,00,000 practitioners and circulated Ministry's initiatives regarding COVID-19.
- ❖ Planning to disseminate the scientific information to the practitioners periodically to keep them updated regarding advances in the AYUSH sector.
- ❖ Protecting the rights of the practitioners proactively.

HUMAN RESOURCE DEVELOPMENT:

- In continuation with the training of UG teachers for teaching technology, establishment of the National Teachers Training institute is under consideration.
- Introduced compulsory training once in three years for all faculties on Medical education technology/Quality improvement programme.
- Survey of professional continuity of female graduates is in progress.
- Orientation program for UG & PG students to sensitise them regarding job opportunities, overseas opportunities, government schemes, research opportunities etc. is scheduled.

CHANGE IN EDUCATION:

- ☐ Because of the dedicated autonomous boards for education:
- ☐ Exercise for preparation of dynamic & competency based/outcome based UG curriculum is in progress
- ☐ Subsequent training of the teaching faculties regarding teaching technology is in full swing
- ☐ Provision for electives is made in the curriculum for interdisciplinary understanding of the subjects for UG students.
- ☐ Introduced structured transitional curriculum for newly admitted UG students

- ☐ To make our students more skilful, the proportion of didactic teaching to practical training has changed to 1:2
- ☐ The planning for standard text books with periodic editions is under consideration.
- ☐ The Sanskrit text book is already ready.
- ☐ Research activity during PG education is being reviewed.
- ☐ It is made clear that the research activity during PG education is to get our students acquainted with the research methodology and to 'how to use research'.
- ☐ To improve the quality of dissertation work and the subsequent publication, teachers' training on 'Publication Ethics & Scientific writing' is scheduled in near future.
- ☐ NCISM introduced publication grants for PG students/teachers to promote quality publication.
- ☐ Industry academia interaction is initiated to expose Post graduates to the industry. In the last 50 years it is happening for the first time.
- ☐ The education boards established a connection with the faculties directly and disseminated research paper/scientific content/educational material regularly.
- ☐ Academic calendar for UG & PG has already been circulated to all institutes. This ensures a uniform academic administrative pattern in the entire country.

RATING of ASU colleges

First Phase discussion of accreditation and rating of medical colleges and other health institution was started from the month of Nov 2022 with the officials from the department of Health and Family Welfare, National Medical Commission (NMC), Dental Council of India (DCI), Pharmacy Council of India (PCI), Indian Nursing Council (INC), National Council for Indian System of Medicine (NCISM), National Council for Homeopathy (NCH), and Quality Council of India (QCI) under chairmanship of Dr. V. K Paul Honorable member (Health), NITI AAYOG. As per the discussions, standalone meetings also conducted by QCI along with the representatives from MoHFW to ensure the holistic development of related framework.

Further, a meeting was held in NITI AAYOG on May 30th 2023 under the chairmanship of Dr. V.K Paul, Honorable member (Health), NITI AAYOG to discuss accreditation framework of medical colleges/health institutions, on the plan of “Heal by India” and attend by the officials from the department of Health and Family Welfare, National Medical Commission (NMC), Dental Council of India (DCI), Pharmacy Council of India (PCI), Indian Nursing Council (INC), National Council for Indian System of Medicine (NCISM), National Council for Homeopathy (NCH), and Quality Council of India (QCI).

Accordingly, the additional secretary of the Department of Health and Family Welfare emphasized that all regulatory bodies should have their own frame work for accreditation of their Institutions in their respective Acts and a beginning could be made with the NMC.

Hence further discussions were held on salient aspects of the framework, need for review, sequence of rollout and positioning of QCI regulatory framework and costing issues. Further the meeting concluded on the action plans as below.

- I. All regulators should finalize their comprehensive rating/accreditation framework in consultation with QCI, in a months’ time frame (by 30th June 23), following signing of MoU with QCI within next 3 weeks. A Pilot launch of the framework needs to be carried out after the admission of respective undergraduate batches of the next immediate session. The results of pilot launch must be kept guarded, if need be, in a corded manner.
- II. The final accredited rankings of health institutions should be made available by April 2024, such that this could be used by the general public for seeking UG admissions for the next batch. To achieve this target, the respective regulations need to decide on the retrospective time frame to launch the accreditation/ranking exercise of their respective institutions.

NATIONAL COMMISSION FOR INDIAN SYSTEM of MEDICINE

Government of India

Plot No. T-19, 1st & 2nd floor, Block-IV, Dhanwantri Bhawan, Road No. 66, Punjabi Bagh
(West), New Delhi - 110026

SECRETARIAT ORGANIZATION CHART

NATIONAL COMMISSION OF INDIAN SYSTEM OF MEDICINE
Secretariat of the Commission
ANNUAL REPORT – 2023-24

The sub section (1) of Section 8 of NCISM Act, 2020 (Act14 of 2020) stipulates that there shall be a Secretariat for the Commission to be headed by a Secretary appointed by the Government in accordance with the provisions of Section 5 of the Act. Accordingly, the Secretariat of the National Commission for Indian System of Medicine consists following sections:-

- (a) Admin and Establishment Section
- (b) Accounts Section
- (c) Legal Section
- (d) Media section
- (e) Information & Technology
- (f) Hindi Section
- (g) Front Office, Receipt & Despatch Sectin
- (h) RTI and Grievances Section

It is stipulated at sub section (4) of section 8 of the Act that the Secretary shall discharge such functions of the Commission as are assigned to him by the Commission and as may be specified by regulations made under this Act. In addition it is also stipulated at subsection (2) of Section 10 of the Act that all orders and decisions of the Commission shall be authenticated by signature of the Secretary and the Commission may delegate such of its powers on administrative and financial matters, as it deems fit, to the Secretary. Accordingly, the Secretary of the Commission is participating in all meetings of the Commission and takes notes for preparation of Minutes, authenticates all correspondence originated from the Commission. In other words, it can be said that the role of the Secretary of the NCISM is not merely looking after routine office work rather he is playing active role in the smooth functioning of the Commission in decision making and also in disposal of various bonafide policy matters.

Though there was no regular incumbent posted against the post of Secretery during the period, however, Dr. B L Mehra, Member, Medical Assessment and Rating Board has looked after the work of the Secretary in addition to his own assigned task. Initially, on the inception of the Commission five officers i.e. the Chairperson (Level 17 of Pay Matrix) and Presidents of four Autonomous Bourds (level 15 of Pay Matrix) started functioning on the statutory posts provided in the Act. Even any subordinate staff was not there to provide any logistic support. There seven officers joined as Member (Level 14 of Pay Matrix) in June 2022 i.e. almost after one year of commencement of NCISM. In such scenario, all officers have not only managed day to day working of the Commission unintruptedly but also organised the sectional supportive services in a planned manner.

The main task of the Secretariat is to provide the logistic support to the Commission and its Autonomous Boards as defined in the National Commission for Indian Sytem of Medicine Act, 2020. The activities of various sections of the Secretariat of the Commission during the period were as under:

- (i) Admn and Establishment Section:- The Admin and Establishment Sections of any organisation have to play a vital role in smooth functioning and achievements of goals mandated for the particular organisation. Similarly, the Administration and Establishment Section of this Commission is mandated to provide logistic support to the Commission and four autonomous boards. Procurement of office equipments and stationery etc., maintainance of records, maintenance of personal files of officers and outsourced employees is also being carried out by the Admin and Establishment Section. Establishment is mandated to process Medical reimbursement bills, LTC Bills, GPF

withdrawal/advance and regularisation of leave. Making arrangements of accommodation, air and rail tickets and transport for the official tours of officers and employees of the Commission. Purchase through GeM, Local Purchase Committee and through tender process, process the proposals for settlement of bills and invoices received from various quarters are also included in the list of task of the Admn Section. Most importantly, Admin Section is supposed to make arrangements for all meetings of the Commission and its autonomous boards. During the period numerous meetings were arranged and higher authorities have praised the arrangements on all occasions.

The sanction for creation of 40 regular posts in various grades i.e. Group A, Group B and Group C has received from the Ministry of Finance through Ministry of Ayush, however, the process of recruitment is still under consideration and all work is being managed with the engagement of the outsourced manpower during the period.

- (ii) Accounts Section:- Accounts Section has also being managed by outsourced employees. They have been liable to maintain records of all transactions including utilisation of grants in aid, receipts from the colleges, disbursement of salary and pension to the employees and pensioners respectively of CCIM, disbursement of Salary to the Officers of NCISM and also settle the claims of agency providing workforce. In addition, Accounts Section also processed and settled the claims of private and government medical officers deputed for visitation (inspection) in various colleges. The Accounts of the Commission for the year 2023-24 have been audited by the C&AG as per the provisions of NCISM Act. The observations of the Audit are being addressed adequately.
- (iii) Legal Section: - This Section is looking after all legal issues including court cases pending in various courts throughout the country and tendering legal advice to the Commission. Professionals engaged are supposed to keep track on progress of each ongoing case wherein NCISM is a party and also liaison with the respective advocates hired by the Commission to appear on behalf of the Commission. Legal Section is also providing legal opinion to the Chairperson and the Commission whenever required. Achievement of the Legal Section is that there is not even a single instance wherein concerned courts have been decided against the Commission as of now.
- (iv) IT Section:- IT Section of the Commission is looking after maintenance of the office equipments, Computers and Printers, implementation of eoffice, providing technical support during the meetings of the Commission and Boards. IT Section also provides technical supports during conferences, meetings and seminars conducted by the Commission.
- (v) Media Section: Media Section has strength of only one outsourced expert who is suppose to manage all social media accounts of the Commission, keep posting details, relevant pictures and videos on the various platforms viz. Web Site, Face Book, Twitter (now 'X'). He also used to videographed ceremonies and important functions.
- (vi) Hindi Section: - Hindi Section is being managed with the help of one Hindi Translator. The Hindi Section provides translation of all important circulars, rules and regulations, Annual Reports and other reports being submitted from time to time. The Hindi Section also conducts competitions and other programmes to encourage official for use of Hindi in official work.
- (vii) Front Office, Receipt and Diary Sections:- Front Office is being managed by one Receptionist. She manages all phone calls, arrange meetings of visitors, attend grievances of the students and teachers of ISM primarily and forward concerned officer. The Receipt and Diary Section is supposed to maintain records of all incoming daks, communications, files including grievances and RTIs etc. It also responsible for despatch of letters at very large scale to the colleges and individuals.

Activities During the Years:

In addition to mandated task, the employees and officers of the Commission have organised following activities as per government guidelines and instruction for awareness in various areas and upkeepment of functioning of the Commission. All employees and officers have participated in the activities with full devotion and dedication.

- (i) Observance of Hindi Pakhwada : To motivate employees for use of Hindi in day to day office work. Various competitions were organized and winners have suitably rewarded.
- (ii) Swachhta Hi Sewa-2024:
- (iii) Observance of Vigilance Week: To bring awareness among the workers against corruption and make corruption free environment in the office. Various activities were organised and winners of competition have been recognised suitably.
- (iv) Celebration of Ayurveda Diwas, Siddha, and Sowa-Rigpa Day: The Ayurveda Diwas, Siddha and Sowa-Rigpa Day were celebrated. Chairperson, NCISM and Presidents of respective Boards addressed the employees and advised them to adopt Indian System of Medicines. Various instances of benefits of indian medicines also narrated to the staff.
- (v) Observance of Ekta Diwas

The Secretariat of the National Commission for Indian System of Medicine has achieved all the targets set well within the time frame during the year 2023-2024 successfully and to the satisfaction of the senior management.

Deputy Director (AMG- IV)

Separate Audit Report of the Comptroller & Auditor General of India on the Accounts of the National Commission for Indian System of Medicine for the year ended 31 March 2024

We have audited the attached Balance Sheet of the National Commission for Indian System of Medicine (Commission) as 31 March 2024, the Income & Expenditure Account and Receipts & Payments Account for the year ended on that date under Section 19 (2) of the Comptroller and Auditor General's (Duties, Powers & Conditions of Service) Act, 1971. These financial statements are the responsibility of the Commission's management. Our responsibility is to express an opinion on these financial statements based on our audit

2. This Separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observations on financial transactions with regard to compliance with the Law, Rules & Regulations (Propriety and Regularity) and efficiency-cum-performance aspects, etc., if any, are reported through Inspection Reports/CAG's Audit Reports separately.
3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidences supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.
4. Based on our audit, we report that:
 - i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - ii. The Balance Sheet, Income & Expenditure Account and Receipts & Payments Account dealt with by this report have been drawn up in the uniform format of accounts approved by the Ministry of Finance, Government of India.
 - iii. In our opinion, proper books of accounts and other relevant records have been maintained by the Institute in so far as it appears from our examination of such books.
 - iv. We further report that:

A. Balance Sheet**A.1 Liabilities****A.1.1 Current Liabilities and Provisions (Schedule-7)- Rupees 273.45 crore**

A.1.1.1 The Commission had received Grant-in-Aid-Salary 18.00 Crore from Ministry of AYUSH during the year 2023-24. Schedule-20 of Annual Accounts reflects expenditure incurred on Salary 17.45 crore, leaving unspent balance of ₹ 55.04 lakh, which was neither refunded to Ministry of AYUSH nor was any liability made for this amount in Annual Accounts. The resulted in understatement of Current Liability and overstatement of corpus by the same extent.

B. General

From November 2023, the Commission commenced collecting Goods and Service Tax (GST) on fees collected from colleges for various services and depositing it to the GST department. As per Agenda item no 7 of the 20th meeting of NCISM held on 15 July 2024 in which the Annual Accounts was approved, NCISM agreed to pay GST with effect from 01.07.2017 and onwards. The amount of GST payable for the period 01.07.2017 to 31.03.2024 as calculated by the NCISM was 19.54 crore. However, liability for the same amount was not created in Annual Accounts (202324) by the Commission. This has resulted in understatement of current liability and overstatement of corpus by ₹ 19.54 crore.

On being pointed out NCISM replied that GST liability for the period 01/07/2017 to 31/03/2024, was roughly estimated and it was not included in the 2023-24 Annual Accounts because, as of 31/03/2024 no obligation to pay had been confirmed since the matter was under active consideration with the GST authorities for clarification as to whether NCISM was covered under the ambit of GST.

Reply is not acceptable as NCISM should have suitably disclosed the facts in the Notes to Accounts.

B.2 Security deposits under liabilities depict a balance of ₹ 262.28 crore whereas investments in Fixed Deposits against Security Deposits under assets depict a balance of 258.43 crore. This difference may be reconciled.

B.3 The provision of Pension, Gratuity, leave encashment and other retirement benefit was not made as per Actuarial valuation as prescribed in Accounting standard-15 of ICAI.

C. Grant-in-Aid During the year 2023-24, NCISM had received grant-in-aid of 27 crore from the Ministry of Ayush. NCISM had utilized a sum of 26.45 crore leaving unspent grant-in-aid balance of 55 Lakh as on 31 March 2024.

D. Management Letter:

Deficiencies which have not been included in the Audit Report have been brought to the notice of management of the Commission through a management letter issued separately for remedial/corrective action.

v. Subject to our observations in the preceding paragraphs, we report that the Balance Sheet, Income & Expenditure Account and Receipts & Payments Account dealt by this report are in agreement with the books of accounts.

vi. In our opinion and to the best of information and according to the explanations given to us, the said financial statements read together with the Accounting Policies and Notes on Accounts, and subject to the significant matters stated above and other matters mentioned in Annexure-I to this Audit Report do not give a true and fair view in conformity with accounting principles generally accepted in India.

a. In so far as it relates to the Balance Sheet, of the state of affairs of the National Commission for Indian System of Medicine as at 31st March 2024 and

b. In so far as it relates to Income & Expenditure Account of the surplus for the year ended on that date.

For and on behalf C&AG of India
