CENTRAL COUNCIL OF INDIAN MEDICINE

New Delhi, the 22nd September 1994

REGULATIONS OF SYLLABI FOR POST-GRADUATE COURSE IN SIDDHA MEDICINE

(SIDDHA MARUTHUVA PERARIGNAR)

BRANCH III SIRAPPU MARUTHUVAM

I. POST GRADUATE DEGREE COURSE : 3 YEARS :

The following persons will be eligible for admission in the above course :

1. Persons who have passed BIM(Siddha)/BSM&S/BSMS Degree Course examination conducted by the Madras University/Madurai Kamraj University/Dr. MGR Medical University or an examination accepted by the syndicate as equivalent thereto.

2. Persons who hold degree in Siddha Maruthuvam, the duration of which must be of atleast four years and have undergone an internship at Hospital for not less than six months and conducted by the institutions as recognised by the State Government or the graduate of Siddha of Foreign Countries as recommended by the Govt. of India.

II. DURATION OF THE COURSE :

The duration of the course in each branch of study will be for three years.

III. REGISTRATION :

A candidate for the MD (Siddha) Degree shall register himself/herself with the University prior to the commencement of the course on the 1st of April or October paying the prescribed fee (According to the University rules).

IV. ATTENDANCE :

1. The student will be required to attend atleast 80% of total lectures and practicals in each subject before he/she will be allowed to appear for the examinations. The Syndicate may however consider special case on Merit.

2. The student will also be required to attend Hospital duty daily till the completion of the course, and during the third year he/she will be required to perform Housemanship and a Tutorship without any additional remuneration as instructed by the Principal.

EXAMINATION :

There will be two examinations as per the Annexure for MD (Siddha) Branch-III SIRAPPU MARUTHUVAM

1. Once the title of Dissertation is accepted the student will not be allowed to change the proposed scheme of work without prior sanction of the authorities concerned.

2. Working for a Dissertation should be utilised for intensive study of relevant literatures, collecting notes, Scientific data, experiments, Seminars, workshops and its critical study. The Dissertation must consist of student's own account of Research. The student should be able to re-express his/her observation and draw conclusions on the basis of the study of literature in the field.

3. The Dissertation should be suitable for its publication in abridged form.

4. In no case, a paper written or published in joint name of two or more authors shall be accepted as Dissertation. The student may however submit in support of his/her dissertation a published work at which he/she is the author or co-author.

5. The Dissertation should contain at the end a Summary of not more than 1500 words embodying the conclusions arrived at by the students.

6. The Dissertation must be typed on one side of the paper with a margin of one inch on either side and must be bound. On the outer cover, the title of the Dissertation the name of the student, the name of the article the name of the guide and the year of submission of the Dissertation should be mentioned. The dissertation should not ordinarily exceed 150 one side typed pages and should not be less than 50 one side pages including charts, diagrams, photographs, bibliography etc.

7. The dissertation should be submitted in the 3rd year of the examination of each branch of the MD (Siddha) Courses. The last date for submission of dissertation is 3 months before final examination.

8. Four copies in Tamil/English, the bound dissertation together with a certificate from the Head of the Department must be submitted to the University, through the Principal of the College or on or before the date prescribed for the submission.

9. The dissertation should be examined by examiners appointed by the University.

10. The dissertation when accepted shall become the property of the University and permission to publish the same shall be obtained from the University. In no case it should be published before it is accepted.

11. One of the accepted dissertation will be kept in University Library, one in the college Library, one in the concerned division (and one copy for the guide).

12. If the dissertation is not approved it will be returned to the student with the remarks of the examiners & the student can resubmit the same after complying with the observation made by the examiners.

13. There will be a VIVA-VOCE Test Practical Examination on the subject of the Dissertation comprising marks in aggregate.

14. The dissertation should represent in outcome of Methodology and Scientific research pursued by the Students on the problems selected by him, and completed under guidance of the Head of the Department.

15. Before the student is allowed to undertake work in dissertation, the Title of dissertation shall be registered with University within one month from declaration of the results of the preliminary year.

IN THE APPLICATION FOR THE REGISTRATION OF DISSERTATION

(i) Full title of the dissertation and methodology indicating familiarity with the subject of the student of the student and

(ii) The name of the department shall be specifically mentioned. The report of the examiners of the dissertation will be taken into consideration in the final assessment of the results of the candidates at the examinations.

A candidate need not appear in the subsequent chances in subject or subjects if he has already passed and declared successful.

If a candidate fail in one subject only, in the preliminary he shall be promoted to the next higher class but he shall have to pass in the subject before he is allowed to appear in the final Examination.

A candidate shall be declared to have passed if he/she completely passed Part-I and Part-II the final year (III year) PG Courses examination as per the conditions of the University.

THE TEACHING & TRAINING PROGRAMME OF THE TIME TABLE FOR THREE YEAR MD (SIDDHA) DEGREE COURSE & THEIR POSTING IN THE WARDS & LABORATORIES

2. Marundhu Sei ni'yam/Marundhu Vazhankal Mooligai thottam		2 months
3. Adippedai Ariviyal Ayukkoodangal		4 months
II Year		
1. Out-patient, In-patient departments	}	12 months
2. Thural'kalin, Ayukkoodangal		12 months
III Year		
1. Out-patient, In-patient in the department of Sirappu Maruthuvam		12 months

Pattern of Teaching staff for the Post-graduate course in M. S. (Siddha)-Sirappu Maruthuvam.

PATTERN OF STAFF (Department-wise)

1. Professor	1
2. Readers	3
3. Lecturers	3
4. Clinical Registrar/Demonstrator	2
5. Technicians	3
6. Technical Assistants	3
7. Lab. Attendants	2
8. Lab. Assistants	2
9. Statistician	1
10. Photo Artist	1
11. Senior Clerk	1
12. Juniod Clerk	1
13. Peon	2
14. Sweeper	2

BRANCH III

MD (Siddha) — Sirappu Maruthuvam

Preliminary Examinations :

- Adippadai Arival—Paper I—Udal Thathuyam
Udal Koorugal and Noi Naddal (with Payanpas sttu Udal koorugal, Udal thathuvam and No. 1 Kuriyiyal.
- Adippadai Ariviyal—Paper II Uyir Vedhiyal
Uyir Iyarpiyal
Numnuyir iyal and Nunnuyir noi iyal
- Gynapadam and its Branches including Maruthuva thaavara Iyal.
- Marundhiyal.
- Methods of research and statistics :
(a) Aims & objects of Research in siddha Ancient and Modern methods of Research, Setting up of a basic research laboratory including Animal House.

- (b) Principles and methods of fundamental, clinical, drug and literary research, principles and methods of survey of medicinal plants.
- (c) Radio-isotopes and their role in medical research. Radiation and their biological effects.
- (d) Introduction of specific research instruments like chromatography spectrophotometer, calorimeter, Electrophosphorasis apparatus etc.
- (e) Application of statistical methods of Siddha research collection, compilation and tabulation of medical statistics, methods of presentation of data, calculation of mean, median and mode, measures of variability, standard deviation, standard error, normal calculation of mean, median and mode, measures of variability, standard deviation, standard error, normal probability curve.
- (f) (h) Concept of regression and correlation and their interpretation.
- (g) (i) Tests of significance, t, x² and F test and their simple applications.
- (h) (j) Principal of medical experimentation on variation in experimental design.
- (i) (k) Vital statistics.

NOTE—There will be no examination in the subject of serial No. 5 but a certificate of having undergone training in the above subject should be produced before appearing for the final year examination.

FINAL EXAMINATIONS :

PART I

1. Kirigai and Kaayakalpam (Ulappirazhbvu noi, Valippu noi, Attenge yogangal).
2. Thol noigal.
3. Verma, Inbu suriva and thekkanam
4. Enbu noi iyalum, Thadava muraigelus

PART II

DISSERTATION
